AN INITIATIVE BY AMULYA HERBS PVT. LTD.

ONLINE, FLEXIBLE, & BLENDED LEARNING

Amulya Academy is a private educational academy established in India by Amulya Herbs and recognized by Chitkara University, Punjab. Amulya Academy offers programs in Health Sciences including Diet, Nutrition, Healthcare, Acupressure and First aid. These courses are designed to equip students with the necessary knowledge and skills to pursue a successful professional career in Health Sciences. Amulya Academy aspires to become among the best educational institutes in the world by the year 2030 through a series of strategically crafted programs and unwavering commitment to the pursuit of excellence.

"I welcome you to Amulya Academy where, in each student, we cultivate a leader & an exemplary individual in Health Sciences. The programs offered at Amulya Academy are tailored by a team of adept scholars, researchers, & innovators. As you progress through these programs, you will see education as a purpose and not merely as another formal learning. Amulya Academy is guided by principles that define the core of education and guide you on your road to professional success. I am confident that during your journey with us, each member of the Amulya & Chitkara Teams will contribute to your educational & professional upliftment. I encourage you to explore everything that Amulya Academy has to offer and wish you all the best on this journey."

Dr. Manish Marwaha,
MD Amulya Herbs

AMULYA ACADEMY'S VISION

To be partner in building India as a world leader in Medical Education & Health care

AMULYA ACADEMY'S MISSION

- Aid Educational institutes in the study of herbs & plants for medicinal purposes.
- Support & Encourage students in their professional careers in Health Sciences

At Amulya Herbs we focus on Education, R&D, Manufacturing & Distribution across the globe. At the core of our organization, we focus on improving lives by combining traditional Ayurvedic practices with modern technology to yield innovative and effective medical solutions. Our Research Center comprises adept doctors and researchers that perform Research & Development on possible herbal concoctions with high diligence. To ensure the utmost quality in everything we produce, Amulya Herbs' products are manufactured at Amulya Labs- our in-house manufacturing unit located in Barwala. Amulya Herbs also recognizes the need to provide researched-backed data to students who are looking for a career in Health Sciences, which we are able to fulfill with the Amulya Academy.

GLOBAL MISSION

- ✓ Protect body and mind-health for all people
- 🤝 Collaborate with doctors to help support immunity & health
- 🌱 Educate communities about growing certain plants for foods
- 🌿 Pioneer strategies to a better quality of life Ayurveda and Yoga
- 🚫 Replace allopathy medicines with natural, non-toxic, non-invasive plant-based solutions
- 🎓 Aid Educational institutes in the study of herbs & plants for medicinal purposes.
- 🔬 Encourage R&D for integrated technologies to further explore DNA and Molecules of Herbs
- ✓ Develop Ayurvedic manufacturing, distribution, and high customer satisfaction

AMULYA LABS

Most of Amulya products are manufactured in 2 of Amulya factories located in Barwala, Haryana. An increasing number of our machines are Automatic and are manufactured with the latest technologies. Hence quality is further ensured. Our teams at Amulya Laboratory concentrate on intensive Testing of all ingredients to keep Quality under check and provide reliable results to our consumers.

AMULYA RESEARCH CENTER

Amulya Research Center is the backbone of Amulya, where our products are conceptualized, experimented, tested and improvised under a team of Doctors and Field experts. We are fortunate to have some of the known subject matter experts on our advisory board. We believe in effective collaboration between Doctors and Researchers from various disciplines which is necessary to maximize the benefits of interdisciplinary collaboration and future research activity.

Evaluation of Hypolipidemic Activity of Polyherbal Formulation (Cholesterin) in Rodents	Evaluation of Immunostimulant Activity and Inhibition of Cytokine Storm Activity VIROWIN and Polyherbal Formulation	To Explore and Investigate the Anti-Urolithiatic Role of Polyherbal Formulation Amulya Krush by using Rodent Animal Model of Urolithiasis

ABOUT

The sprawling campus of Chitkara University, Punjab is near Rajpura, Chandigarh Patiala Highway, and is equidistant from Chandigarh, Mohali, Panchkula, Ambala and Patiala. The University offers multi-disciplinary programs, all of which are designed to be industry relevant. As a result of this student-centric approach, Chitkara University is renowned as one of the best private universities in the North India region.

From business management programs to programs in nursing and medical laboratory technologies; and from computer science, electronics and mechanical engineering programs, to hotel management and architecture—Chitkara University, Punjab is a veritable cornucopia of educational services.

The Curriculum is delivered in spacious, amphi theatre-style classrooms—fitted with modern information and communication technology (ICT) equipment—and in well-equipped, modern laboratories. Additionally, students are encouraged—and provided relevant facilities—to participate in co-curricular and extra-curricular activities through various clubs and societies on the campus. The University has at the centre of its philosophical core the commitment to excellence in education. It is the strong academic heritage of the University and such firmness on matters of principles that has seen it grow from strength to strength in such a short span of time.

ACHIEVEMENTS & CERTIFICATION

The College is involved in high-end research which is supported by strong links with industry partners and other research centers in India. Our faculty has a history of providing quality education. Today, Chitkara College of Pharmacy is the centre of excellence for Pharmaceutical Sciences Education in India and has ranked 35th in the annual NIRF Ranking 2021 out of more than 1000+ pharmaceutical colleges in the country. The students at Chitkara University are highly employable locally and globally. You'll find them in hospitals, communities, research centres and drug companies the world over. We are leading the way in innovative pharmacy and pharmaceutical science education.

NAAC
National Assessment
and Accreditation Council

Chitkara University has been awarded the rating of A+ by the prestigious National Assessment and Accreditation Council (NAAC), which places it among the 5% of higher education institutions (HEIs) in India to be granted such a coveted grade.

ABOUT THE COLLABORATIVE ADVANCED CERTIFICATE PROGRAMS

Chitkara University (College of Pharmacy) and AMULYA HERBS have come together to offer Advanced Certification Programs in Health and Diet management, which offer an opportunity to candidates pursuing the certificates to acquire applied and in-depth knowledge through a combination of lecture and practical sessions conducted by Trainers with a high level of specialization and Doctorate (Ph.D.) in Health, Nursing and Pharma Sciences. The skills and knowledge gained through the Programs make a candidate highly professional in handling queries, providing advice and offering support for better health management by using the skills gained through these programs.

1. Advanced Certification in Diet and Nutrition Management: The program gives extensive information on basic human gastrointestinal anatomy and physiology and the digestive process and physiology, also covering complete biochemical processes in digestion and assimilation of basic nutrition components from food (Carbohydrates, fats, proteins), giving clinical biochemistry values for these compounds in healthy and diseased states of the body. It touches nutritional biochemistry, macronutrients including macro fats, proteins and other components, macro hydration, vitamins and minerals, hormones affecting digestion & assimilation, the appropriate nutritional balance and deficiency states. It covers appropriate eating, eating disorders, body types, energy balances and weight management with supplements, diet plans and Ayurveda approaches

2. Advanced Certification in Child and Mother Healthcare: The course covers both aspects of mother and childcare. Mother care gives the basics of female anatomy and physiology starting with adolescence, premarital and post-marital hormonal changes, pregnancy stages, management of pre, para and postnatal care, nutritional requirements and medicines during lactation, family planning and post-menopausal management. Childcare covers neonatal nutritional and essential care for newborns, infants, toddlers and young children, including development phases (up to 1 year, 1-2 years, 2-3 years) for nutritional, cognitive & other developments. It also covers normal health indicators, including memory development for school-going children.

"We aim to shape the future of health at our specialist institution, dedicated to providing you with valuable learning experiences."

- Mr. Chaitanya Marwaha, CEO, Amulya Herbs

3. Advanced Certification in Basic Life Support and First Aid/ Front Line Health Services:

The course covers details of wound management, management of insect bites, different types of burn management, including types of bandages for different conditions, cleaning and dressing. It extensively covers the assessment of sugar, blood pressure and management of acute conditions related to them. It extensively covers emergency bleeding conditions, methods of fluid administration for these, and types of the cannula to be used for it. It details methods for management of heart attack and other cardiac acute conditions, including shocks, stroke and fits.

4. Advanced Certification in Acupressure & General Health management: Diploma in acupressure therapy covers acupressure techniques for management of ear, nose, eye, mouth, throat & speech, skin, neck, shoulder diseases, including special conditions for pain management of wrist, tennis elbow conditions, sciatica, back pain, leg, calf & foot problems, joint pains & management of arthritis. It also covers the management of physiological conditions of the respiratory tract, including bronchial asthma, bronchitis, sinus; digestive & urinary system disorders and management of jaundice, constipation and other conditions. It also extensively elaborates on neurological conditions, including headache, depression, insomnia, hysteria management & special techniques, including techniques for weight gain, anti ageing, hair growth, pimples, hernia and male and female hormonal diseases.

CONDUCT OF PROGRAM

The Advanced Certification programs will be conducted as three months programs with comprehensive in-depth lecture sessions (Offline and online), video and MOOC sessions, Skill Training and Practical Labs.

EVALUATION & CERTIFICATION

Graduation certificates will be given after proper evaluation.

"Our collaborative methods break down the boundaries between student and teacher, encouraging the bold thinkers of tomorrow."

- Mr. Sandeep Arora, HOD College of Pharmacy Industry
Consultancy and Executive Program, Chitkara University
